

San Francisco Contract Settled!

On Tuesday night, UNITE HERE Local 2 in San Francisco settled a new contract after more than two years. Hilton, Sheraton and all other employers in the Multi-Employer Group are parties to the new contract. The contract includes union growth, job security, significant improvements in wages, medical and pension and workload protection. It will expire in 3 years – 2009.

Chicago settled another one!

Also on Tuesday, UNITE HERE Local 1 in Chicago settled another contract – this one with the owner of the big *Sheraton Chicago*. This contract mirrors the Hilton and Hyatt settlements from last week and includes growth for an existing non-union hotel in Chicago. They all expire in 3 years – 2009.

Our hotel companies have settled in other cities with fair 3-year contracts that include union growth, significant wage increases, preserving medical, improving pension and workload reductions.

We deserve the same. A fair contract for Hawaii's future.
