

MARRIOTT STRIKE BULLETIN

Day 21: Sun. 10/28/18

Negotiations:

The strength that we have shown on the strike line has moved us closer to our goals, but several major core items still remain.

We made progress in the past 2 days that has set the tone for the negotiations this week in Las Vegas.

One Day Longer, One Day Stronger

Solidarity

Keep it up! Our actions are working:

- Thanks to the Shidler College of Business at UH Manoa for honoring our strike and moving their event to a non-striking hotel.
- More groups continue to join our picket lines. Yesterday, UHPA (the UH faculty union), Hawai'i Friends of Civil Rights, HSTA and Teamsters members, and many more came in support of us.
- Emails keep coming in from supportive guests who are donating to our strike fund and checking out to honor our strike!
