

FREE Certified Nurse Aide Training Program!

**Banquet Solutions
Hawaii, Inc.**

Are you interested in a career in healthcare? Do you like caring for others, working on your feet and working in different settings?

This 150-hour training course is offered by Leeward Community College, where you will have immediate connections to hiring employers and on-the-job training upon successful completion of the program. In addition, support services such as books & fees, transportation costs, childcare costs, supplies, uniforms and other basic needs will be provided on an as-needed basis in order to ensure your success in the program.

**Climb the healthcare career ladder from CNA to
Registered Nurse!**

What are the benefits of becoming a CNA?

A job as a Certified Nurse Aide (CNA) could provide you with job security and the type of work environment you prefer. CNA could also be a stepping-stone to other exciting jobs in healthcare with additional training, such as Medical Assistant, Registered Nurse and numerous other careers. CNA are the backbone of the healthcare industry, caring for kupuna and a range of other patients.

About the CNA course:

This course is designed to educate and train nursing assistants to support licensed nursing staff in long-term care facilities. Participants will, through lecture, laboratory practice, and evaluation, specialize in skills to include sterile gloving, wound care, oral suctioning, diabetes care, enteral nutrition, catheterization, colostomy care, specimen collection, and tracheostomy care.
