KEEPING OUR EYE ON THE PRIZE

by Cindy Chan-Ikehara,
Server at Tropics, 35 years of service

I acknowledge that we all have different circumstances, both financial, physical, and mental. We don't all fit in one bucket and that's what makes us so special.

It's imperative that we keep our eye on the prize and not falter. Many of you might ask what is the prize?

Many of the newscasts and comments/opinions think that we're only in it for a pay raise

That is not true. We are fighting for respect. Respect for our guests and respect for us.

We, the team members have built up the Hilton Hawaiian Village. It is through our hard work that made it a world, renowned destination.

We are fighting for our lives. We're fighting for quality of life for our family members and our team members who are our family, who want to stay in Hawaii.

This strike may be your first or third? It might have a mental toll on you. Will you ask yourselves, why are so many unions striking now?

It's because enough is enough! We have a strong and clear voice! With the protection of the union backing us up, we have the power to make a change and take back our future and fight against unfair practices.

GOT MUSUBIS?

Every day, Local 5 union siblings from around the Union continue to join our picket line and bring donations of food, drinks, and snacks from water to pizza and more. Derrick Oyama, a bartender at the Royal Hawaiian Hotel, made 250 spam musubis for strikers with the help of his family.
