MEMBERS REACT – WHAT I'M FIGHTING FOR

"I am so overworked and exhausted because of the understaffing that I am not able to enjoy the little time I have with my family. The pandemic ended a while ago and it is time the company brought back the staffing we had in 2019–enough is enough! I believe we will win because we are fighting for our families and each other.

When we stick together, WE WIN!"

–Kenziro Kloulubak
