**One day longer, one day stronger!** Day 2 of our strike was a big success --we had almost 300 people sign in on day 1 and new people joined our line!

We made today's frontpage news. The news of our strike is being shared not only nationally, but globally! People came on their day off; people who crossed the line yesterday came out to join our strike today. Local 5 members from Kaiser, Kahala, Princess Kaiulani, Sheraton Waikiki, Moana Surfrider, Hilton Hawaiian Village, Queen Kapiolani, Royal Hawaiian, Airport Plaza came to support their brothers and sisters. An AFA Hawaiian flight attendant joined us last night, as did a pilot from Hawaiian. Workers from other companies at the airport shared their support as we raise the standard of airport jobs.

Talk to our coworkers to join us for our last day, for whatever time they can so they can feel our collective power. We're growing stronger together as a union family and we want them to be a part of it!

To get the strike benefit, you must complete 18 hours of strike participation by the end of the strike (Sun. 12/22 @ 3am).
