PROTOCOLS

HOTEL PLAN

CLEANING PRODUCTS

1. Ecolab Peroxide Multi Surface Cleaner and Disinfectant (Yellow Cleaner), to be used for disinfecting and cleaning of all surfaces and high touch guest areas
2. High impact public areas including lobby area, elevators, elevator buttons, handrails, door handles, and luggage carts to be cleaned frequently throughout each day based on business volume
3. Disinfect all furniture couches, benches, chairs, and surfaces in all public areas frequently throughout each day based on business volume.
4. Print and display product lists to be used in each department along with directions/infographics, and SDS product safety sheets
5. Provide specific labeled and located trash receptacles for used PPE to be disposed of within their departments
6. Utilize checklists to document daily cleaning of key areas
7. Follow all guestroom cleaning protocols including placement of sanitizing surface wipes as part of cleaning process.
8. Hotel has removed all drinking glasses and transitioned to individually pre-wrapped plastic cups
9. Hotel Has removed the following items from guests rooms until further notice however they are available for our guests upon request: Hair dryers, Glassware, Bible, Book of Morman, compendiums (will be available on a QR code), collateral, books and magazines, pens and writing pads, and decorative pillows.

10. Guest room key cards are cleaned by spraying them with Ecolab Peroxide Multi Surface Cleaner and Disinfectant (Yellow Cleaner), allowing them to sit for 2 minutes and thereafter wiping them with a clean cloth and repeating for the other side of each key card
11. ECOLAB to conduct in personal training for each department on their specific cleaning supplies and processes
12. Housekeeping associates have been and will be trained upon returning to work and prior to using the Electrostatic sprayers.

PERSONAL PROTECTION EQUIPMENT

1. Provide a list of required PPE for each Associate based on their job duty, directions on proper use and disposal. Document all training and issuance of PPE.
2. Associates will pick-up/receive their PPE for the day in their specific departments from their manager
3. Guest required to wear Masks while moving around the property
4. Hotel will display signage in the heart of the house reminding employees of PPE requirements at employee entrances, along with additional requirements for specific job duties in their designated areas. Hotel will also post and provide instruction on proper use of PPE.
5. Signage is displayed at employee entrance instructing employees not to enter if experience symptoms consistent with COVID-19. Employees instructed not to come to work if experiencing symptoms
6. All associates and vendors are required to enter the property through the security entrance where temperature checks are being conducted. Any associate or vendor with a temperature higher than 100.4 degrees will be sent home.
7. Training of protocol if an individual has a temperature of 100.4°F or higher

COVID-19 CASE APPROACH & ROOM RECOVERY

1. Follow protocols for presumed positive cases and self-quarantine procedures
2. Reinforce and provide training for all departments on proper handling of presumed positive cases using guidelines on MGS
3. Follow cleaning protocols for Housekeeping, Loss Prevention and MOD logs for case recovery.
4. Hotel Director of Security to coordinate with management, to ensure we are following Marriott guidance on deep cleaning of all public areas and vacated guest rooms involved
5. Follow protocols for quarantine and isolation guests.
6. Set up communication list for Hawaii DOH guidance

SIGNAGE

1. Place Marriott mandated protocol signage in Heart of House to ensure Associate awareness
2. Guest facing signage is in place in queuing areas as well as high traffic areas to notify guests of PPE and social distancing requirements based on state/local jurisdictions

SOCIAL & PHYSICAL DISTANCING

1. Placed floor decals/stickers without brand logos and place in queuing areas to denote safe distances for waiting in guest facing areas such as but not limited to, Front Desk, Lobby Elevators, public areas
2. Re-design lobby/pre-function furniture and seating accommodating social distancing requirements
3. Re-design outlet lay-outs to facilitate social distancing while maximizing occupancy
4. Re-design and use reservations system for Pool lay-outs to facilitate social distancing while maximizing occupancy
5. Re-design and reservations system for Fitness center, Laundry room, Hospitality lounge and Guest Activities lay-outs to facilitate social distancing while maximizing occupancy
6. Installed Plexiglas barriers at the Front Desk to promote safe environment.
7. Utilize guest chat to reduce lines at Front desk and outlets.
8. Rearrange Hale Nanea (Employee Cafeteria) seating – social distancing and implement staggered lunch breaks.

GUEST ROOM ENTRY

1. Deliveries to guest rooms will utilize knock and step back service to reduce contact between guests and employees
